### Complete coverage, competitively priced

Working with our carrier partners, Mattei offers highly competitive pricing on specialized coverages for telecommunication tower owners. The program includes the towers and related ground equipment used to support and maintain the tower and its attached communication equipment, as well as the protective fencing securing the tower perimeter.

#### We write all lines of business including:

- Automobile
- Crime
- Equipment Breakdown
- General Liability
- Property
- Excess Liability

#### Specialized coverages for tower owners include:

- Building and Personal Property Blanket Extended Coverages
- Business Income and Extra Expense
- Employees' Tools
- Limited Earthquake and Flood
- Ordinance or Law
- Property Off Premises
- Utility Services – Direct and Indirect Damage

### We understand telecom- munication tower operations

The policies and endorsements we write are unique and specific to owners of telecommunication towers, so customers get the precise protection they need.

#### Eligible telecommunication tower classifications include:

- Guyed Tower – supported in whole or in part by guy wires and ground anchors
- Monopole Tower – consisting of a single pole or spire, self-supported by a permanent foundation constructed without guy wires and ground anchors
- Self-Support/Lattice Tower – similar to monopole towers, using a series of poles and lattice work for heights and wind resistance
- Stealth Tower – self-support/lattice or monopole tower designed to blend into the environment
- Welded Tower – welded and guyed tower designed for heights above 250 feet
